Invitation & About (CSNRM-SAAS-2026)

On the occasion of World Environment Day (5 June 2026), we warmly invite Researchers, Academicians, Scientists, Professionals and Industry Experts to participate in the 10th International Conference entitled “Climate-Smart Natural Resources Management for Sustainable Agriculture & Allied Sciences (CSNRM-SAAS-2026)” on dates June 04-08, 2026 at AIT Conference Center, Asian Institute of Technology (AIT), Bangkok, Thailand. This Decennial International Conference provides a global forum to share cutting-edge research, innovations, and best practices in climate-smart agriculture, sustainable natural resource management, and allied sciences. The main technical sessions will be held on 5 June 2026, aligning with World Environment Day, and will feature keynote lectures, plenary sessions, as well as oral and poster presentations and focused discussions addressing emerging challenges and solutions for sustainable agricultural systems under changing climatic conditions. CSNRM-SAAS-2026 marks a significant milestone in fostering international collaboration and advancing science-based strategies for a climate-resilient and sustainable future. The conference is Jointly Organized by the Department of Food, Agriculture and Natural Resources, Asian Institute of Technology (AIT), Bangkok, Thailand and Agricultural Technology Development Society (ATDS), Ghaziabad, Uttar Pradesh, India. The remaining days will include academic networking and an excursion tour to Bangkok–Pattaya, offering opportunities for professional interaction and cultural exchange. We look forward to your valued participation in making CSNRM-SAAS-2026 a meaningful and impactful international gathering.

Conference Themes (CSNRM-SAAS-2026)

CSNRM-2026 1st Theme for (Technical Session - I)

Climate-Smart NRM for Sustainable & Resilient Ecosystems

- Climate-Smart Strategies for Land, Water, Biodiversity
- Ecosystem Resilience & Climate Change: Science & Policy
- Sustainable Forests, Rangelands & Agro-Ecosystems
- Digital and AI-Enabled Solutions for Climate-Smart NRM
- Remote Sensing, GIS, & Big Data Applications in Ecosystem
- Precision Agriculture & Climate Adaptation and Mitigation
- Carbon-Smart Ecosystems: Sequestration & Climate Finance
- Manage Extreme Climate Risks: Droughts, Floods & Other
- Climate-Resilient Food Systems and Natural Resource Use
- Linking Biodiversity, Ecosystem & Human Well-Being
- Biodiversity Conservation, Ecosystem Restoration
- Rewilding and Nature-Positive Approaches
- CSNRM Policies for Sustainable Development Goals (SDGs)
- Equity, Inclusion & Social Dimensions of Ecosystem
- Agroecology, Regenerative Farming, and Ecosystem Health
- Sustainable Livelihoods & Rural Resilience through CSNRM
- Food–Water–Energy–Ecosystem Nexus under Climate Change
- Blue Economy and Ocean-Based Climate Solutions
- Urban and Peri-Urban Ecosystems for Climate Resilience
- Wetlands, Rivers & Freshwater Ecosystems under CS Stress
- Global Partnerships and Innovations for Ecosystem
- From Science to Action: Scaling CS NRM Solutions

SAAS-2026 2nd Theme for (Technical Session - II)

Smart Agriculture & Allied Sciences for Sustainable Future

- Digital Transformation of Agriculture and Allied Sciences
- Sustainable Intensification & Resource-Efficient Farming
- Food System Sustainability: From Farm to Fork
- Integrating Agriculture, Environment, and Climate Action
- AI & Remote Sensing for Agricultural Decision-Making
- Smart Sensors, Automation, and Farm Mechanization
- Digital Platforms, Agri-FinTech, and Smart Advisory Systems
- Advances in Crop Science, Genetics, and Biotechnology
- Smart Horticulture, Plantation Crops & Protected Cultivation
- Sustainable Livestock, Poultry, Fisheries and Aquaculture
- Innovations in Ag. Engineering & Post-Harvest Technologies
- Agro-Industrial Innovations and Value-Added Agri-Products
- Agro-Ecosystem Health, Agro-Landscapes, Circular Economy
- Inclusive, Gender-Responsive, Youth-Led Smart Agriculture
- Agri-Entrepreneurship, Start-Ups, Innovation Ecosystems
- Techno. Adoption, Capacity Building & Knowledge Systems
- Future Global Food & Nutrition Systems and Security
- One Health Approach: Agriculture, Ecosystem, Allied Sciences, Environment, Biodiversity, & Human Well-Being
- Smart Agriculture for Urban, Peri-Urban & Vertical Farming
- Global Partnerships & Innovations for Sustain Agriculture
- Scaling Smart Agriculture & Applied Sciences Solutions

Highlights of CSNRM-SAAS-2026

- ✦ **Occasion:** The 10th Decennial International Conference of ATDS on (World Environment Day 5 June 2026)
- ✦ **Conference Theme:** Climate-Smart Natural Resources Management for Sustainable Agriculture & Allied Sciences (CSNRM-SAAS-2026)
- ✦ **Dates & Venue:** June 04-08, 2026, AIT Conference Center, Asian Institute of Technology (AIT), Bangkok, Thailand
- ✦ **Global Platform for Researchers, Academicians, Scientists, Social Worker, Professionals & Industry Experts**
